The New York Times recognizes the Forward

For over 120 years, The Forward has been in the homes of the American Jewish community. We are the voice speaking to them and for them. It’s no wonder that The New York Times chose to hold up the Forward as an example of a publication that has risen up at a time when the world is in tumult.

“There’s something different happening now” — and it’s our job to tell that story, too.”
- Jane Eisner

The New York Times highlights how we are influencing the influencers.
The Forward is a legendary name in American journalism and a revered institution in American Jewish life. Launched as a Yiddish-language daily newspaper on April 22, 1897, the Forward entered the din of New York’s immigrant press as a defender of trade unionism and moderate, democratic socialism.

By the early 1930s the Forward had become one of America’s premier metropolitan dailies, with a nationwide circulation topping 275,000 and influence that reached around the world and into the Oval Office. In 1990 the Forward Association made the bold decision to remake the English-language Forward as an independent, high-profile weekly newspaper committed to covering the Jewish world with the same crusading journalistic spirit as Cahan’s Jewish Daily Forward. In 2018, the Forward transitioned into its next major phase by becoming a fully digital publication focusing on essential long-form news, opinion, and lifestyle content. The Forward now reaches 2 million users per month. That means a new growing audience is reading the Forward’s groundbreaking journalism, its in-depth reporting and its un-paralleled roster of writers.

Just as the Forward opened Jewish life to the world of modern journalism over a century ago, just as it created a new medium of bold, comprehensive, fiercely honest Jewish reporting two decades ago, it is now setting out to define Jewish journalism in the 21st century, as the independent voice of the American Jew and the conscience of the Jewish community.
